# Scholarship Application

Thank you for applying for a scholarship!

A limited number of scholarship positions is available each year. The scholarship covers half the cost of camp tuition in exchange for performing various duties during the course of camp. Duties typically include snack preparation, music cueing for teaching sessions and parties, dance floor sweeping, and possibly assisting with the children's program when not enough parents are available. Duties are rotated to allow each scholarship recipient to attend most dance sessions and enjoy the evening parties with minimal interruption.

In addition, some pre- and post-camp activities may be required. **PLEASE NOTE: We do require that scholarshippees attend the full camp, Thursday morning through Sunday afternoon. Moreover, you must arrive by 9 AM Thursday morning for training, and stay until 2 or 3 PM on Sunday for packing up. If you know already that you cannot make this commitment, please do not apply.**
